MRS. JAMESON'S TRIAL.

Jury, Not Able to Agree, Is Adjourned Over Until Friday.

Mrs. Marie Jameson, the young woman who has been awaiting trial for several months on a charge of forgery, will have to spend Thanksgiving Day in jail. The trial of the case was begun in the House of Burgesses yesterday, the evidence concluded and the arguments heard, after which the case was given to the jury. The jury was unable to agree when at 4:30 o'clock. When court reconvened the jury was still unable to agree, and the case was again sent to conference, and still unable to agree. Judge J. H. Spivey, in an interview, reiterated his views that if the north pole is ever attained the discovery will have to reach there by means of dog sledges. He said that he was not expected to report to the navy for a month yet, and he anticipated spending considerable time resting.

MUST REACH POLE ON DOG SLEDGES

WASHINGTON, D. C., November 28.—Lieutenant-Commander Robert E. Peary returned to his home here to-night after his long absence on Arctic expedition. He was accompanied by Mrs. Peary. In an interview, he reiterated his views that if the north pole is ever attained the discovery will have to reach there by means of dog sledges. He said that he was not expected to report to the navy for a month yet, and he anticipated spending considerable time resting.

BLEW OUT THE GAS.

Nine Persons Have Narrow Escape From Asphyxiation.

(Special to The Times-Dispatch.)  
DANVILLE, VA., November 28.—An elderly couple, their daughter and her two grandchildren had a narrow escape from death Monday night at the boarding-house of Mrs. M. E. Payne, as Herndon, an elderly couple of about seventy years of age, and nine other persons of the party were placed in the boarding-house of Mrs. Payne for accommodation. Herndon and his wife and three others of the party were placed in the same room, and he blew out the gas. His daughter was found unconscious and all of the other occupants of the room were saved. # Sore Throat

No mother ought ever to go to bed without Omega Oil in the house. Night is the time when a Sore Throat becomes worse. No one seems to know why this should be, but it is a fact that you will know. As soon as a child complains of Sore Throat, rub the throat and chest with Omega Oil, and you ought to put some of the Oil on a piece of flannel, and bind it on the throat over night. This may save the child's life. Three sizes: 10c., 25c., 50c.

Free sample Omega Oil Soap in every bottle of Omega Oil.

# SEABOARD DIRECTORS ELECT OFFICERS

N. S. Meldrum Is Only Exception. W. A. Garrett Succeeds Him.

(Special to The Times-Dispatch.)  
NEW YORK, November 28.—The directors of the Seaboard Air Line Railway Company, at their meeting here today, organized by re-electing the former officers with the exception of N. S. Meldrum, who was succeeded as first vice-president by W. A. Garrett, formerly general manager of the Cincinnati, New Orleans and Texas Pacific Railway Company. Meldrum was elected to St. Joseph's Orphan Asylum there, in 1902, when he was but six years old. It was with a view to tracing the missing man, as he is now, it is alleged, that Mr. Meldrum was elected to the position of first vice-president. The president of the company stated that the lad was taken from Richmond to Washington by a Mrs. Coleman, of this city, herself a Catholic, and committed to the asylum there. Mrs. Coleman's name, without initials, being entered on the records of the asylum. The lad was baptized there and the middle name of Joseph added.

No Trace Here.

After being at the asylum about five years the boy was adopted by an Mr. Middleton, of Maryland, or to be exact, on June 5, 1871. About a year later the lady having died, the boy returned to Washington and again sought admission to the asylum. Failing in this he disappeared, since which time there is no trace of him.

Efforts were made to ascertain the whereabouts of the boy, and whether any one knows of his antecedents or origin. He is being traced in order that he may secure his interest in this valuable mining property if alive, or that it may go to his heirs, if he be dead and he have issue living.

No trace of the child's birth could be secured from the records of this city, nor did any one residing here at the time, so far as ascertained, remember such a name in Richmond. Mr. Brayl will seek to ascertain from the records of the Catholic Church whether the child was born here. It seems almost a hopeless search for one of whom nothing has been heard for thirty-five years, but Mr. Brayl is seeking all the information he can obtain.

FIRED ON THE FOREMAN.

Negro Whipped by the Crowd and Sent to Grand Jury.

(Special to The Times-Dispatch.)  
MEHRIN, VA., November 28.—W. L. Gillispie, foreman here, ran into a shanty on the Tidewater work last night to quiet a shooting scrape, and the negro who was handling the firearm, turned upon him and fired several shots without effect. Mr. Gillispie fired back several times, and while they were at clear range a shot did not miss. The negro broke and ran, but was captured by the crowd, brought back and severely whipped and turned over to Justice J. W. Davis, who, at the trial this morning fined him \$25 and cost for carrying concealed weapons, and sent him on to the grand jury for attempted murder.

# INSPECT BASIN NEXT THURSDAY

Committee Allows Contractor Additional Time in Which to Construct Flume.

The Council Committee on Water met last night and received bids for furnishing a number of water meters of various sizes. Seven or eight local firms were bidders on the contract, their bids being submitted in accordance with the specified conditions.

It was finally decided to refer the matter of a recommendation to a subcommittee, who, together with the superintendent of the water department, will test the various meters and recommend the best to the committee.

Bids were opened for furnishing one hundred tons of coal to the water department at or near the settling basin, and both bids being \$3 per ton, it was proposed to award the bid by lot, but objection being made thereto, it was awarded to the White Oak Coal Company.

The Allen & Ginter branch of the American Tobacco Company asked and was granted permission to establish and connect a large water main for the better protection of their property against fire. The permission was but an amendment of a former ordinance which granted the use of water for fire protection exclusively without metering it.

Big Bill Presented.

Representatives of the Richmond branch of the American Tobacco Company appeared before the committee to ask a reduction of the city's bill against the works for excess water, due to a broken connection under one of the buildings of their plant. It appeared that the leak was discovered by the superintendent and an inspector, and that the flow of seeping water was about one-fourteenth of the entire daily supply of the city, or was estimated at such quantity.

The bill for excess water at five cents per thousand gallons would have amounted to \$1,000 to \$4,000. The superintendent's statement showed that the leakage or leak was not perceptible from the surface and its existence was unknown. He declared that he could only estimate the leakage and could not swear that the estimate was correct. It had continued for about a month. At his suggestion the matter was referred to a subcommittee for information, together with the representatives of the plant.

The committee determined to make an inspection of the settling basin on Thursday of next week, at which time all the members will go.

A communication was read from the contractors for building the flume at the settling basin, stating that owing to floods in the river and damage and delay from that cause, and to the scarcity of labor, which made it impossible to secure sufficient laborers even at \$1.50 per day, further time would have to be asked for the completion of the work. It was agreed to extend the time until December 1st, and the City Attorney was instructed to draft such an extension, as to extend the operation of the terms of the contract as well.

STREET COMMITTEE.

Large Number of Small Matters Were Disposed Of.

The Council Committee on Streets met yesterday afternoon at 5 and spent two hours disposing of a large number of small matters before the body went to the City Hall for the regular session. The committee on streets and sewers, and the committee on public works, were present. The committee on streets and sewers, and the committee on public works, were present. The committee on streets and sewers, and the committee on public works, were present.

Watch Your Thirty Feet of Bowels!

YOU have thirty feet of Intestine! What makes food travel through them?

A set of Muscles that line the walls of these Intestines or Bowels.

When a piece of Food rubs the walls of the Intestines these Muscles tighten behind it, and thus it starts a Muscle-wave which drives it through the whole length of the Bowels.

It should take about 12 hours to do this properly, so that nutritious parts of the food may have time to be digested and absorbed.

But, if it takes twice or three times that period the food spoils in passing, and becomes as poisonous as if it had decayed before being eaten.

Now, the cause of delay (Constipation) is simply Weakness, or Laziness of the Bowel-Muscles.

Want of Exercise, Indoor Employment, weakens these Bowel-Muscles, just as it weakens Arm and Leg Muscles.

"Physic" like Salts, Calomel, Jalap, Phosphate of Soda, Mineral Waters, simply flush-out the Bowels for the one occasion only.

They do not remove the Cause of Constipation.

But this is different with Cascarets. Cascarets act on the Muscles of the Bowels and Intestines. They act just as Cold Water, or Exercise act on a Lazy man. They act like exercise.

A Cascaret produces the same sort of Natural result that a Six Mile walk in the country would produce.

# COLUMBIA'S SONS FORM A CHAPTER

Virginia Alumni Effect a Permanent Organization, With Dr. Taylor President.

The Alumni of Columbia University, New York City, met at the banqueting board in the Jefferson Hotel yesterday evening, with a large crowd of the old graduates in attendance, and under auspices which seem most propitious for the long and flourishing continuance of the association. Prime movers in the organization were Dr. Rudolf Tombo, Jr., professor of German in Columbia University and registrar of that institution, and Mr. Jackson Davis, superintendent of schools of Henrico county.

A permanent organization was effected. Dr. Philip Taylor, of this city, was made president, and Mr. Davis, secretary and treasurer. An executive committee, consisting of Professor Martin, of the Woman's College, Richmond; Dr. Bruce Payne, of the University of Virginia, and Professor R. M. L. Crawford, of the College of William and Mary, was appointed to draw up the constitution and by-laws, and to arrange for future meetings. It was the sense of the meeting that a meeting should be held some time during the Jamestown Exposition, for which arrangements will be made at some early date.

Professor Tombo told in a clear manner of the work being done by Columbia University, and emphasized the fact that the great institution stood what the Germans call "Lehrfreiheit," freedom of thought in all matters of education, science and political affairs. Professor Frederick A. Goetze, the newly appointed dean of the faculty of applied science at Columbia, gave a fine description of the new buildings and equipment of the university.

Exhibit at Jamestown.

Before the meeting of the alumni adjourned, the following resolution was offered by Professor Martin, of the Woman's College, amid great enthusiasm: "Virginia alumni of Columbia University, realizing that Virginia and the South are standing on the threshold of a great educational awakening, and further, feeling that Columbia University, by virtue of her location and influence, and, especially, on account of her equipment and facilities for training leaders in educational work, do hereby, request Dr. Tombo and Professor Goetze, special representatives of Columbia, to bear the greetings and good wishes of the Virginia alumni to President Butler, and to urge the Columbia make an educational exhibit at the Jamestown Exposition."

Those present were: A. B. Reider, 1833, Norfolk, Va. J. F. Messenger, 1902, Farmville, Va. M. A. Martin, 1905, Richmond. R. M. Crawford, 1905, Williamsburg. Dr. W. W. Dunn, 1894, Richmond. Alex. B. Coffey, 1904, Williamsburg. Emory Hill, 1904, Richmond. Hickman Price, 1902, Staunton, Va. Rudolf Tombo, Jr., 1895, Columbia University. Bruce R. Payne, 1905, Univ. Va. Dr. Philip Taylor, 1876, Richmond. Frederick A. Goetze, 1895, Columbia University. John Armstrong Chanler, 1883, Roanoke Rapids. Jackson Davis, Richmond.

Dr. Tombo at College.

Dr. Tombo delivered at 4 o'clock at Richmond College a lecture on Goethe's Faust before one of the largest and most intelligent audiences that have ever attended any of the Thomas lectures at that institution. Dr. Tombo's fame had preceded him. He is a young man of fine presence and bearing, a profound scholar and a most gifted and entertaining speaker.

Dr. Tombo delivered the same lecture before the students and alumni of the Woman's College, where his lecture was said to be a pronounced success. After the lecture at Richmond College, a reception was tendered the visiting delegates to the educational convention. There were about 500 people present. Refreshments were served, and the affair was most heartily enjoyed.

The Co-Operative Education Association.

About sixty delegates from Local School Improvement Leagues have registered with the secretary of the Co-operative Education Association. Miss Margaret King, of the Norfolk association, is at the Richmond. The Norfolk delegation numbers twenty delegates.

Mrs. Lucien Cooke and Mrs. Joseph W. Cox, representing the Roanoke Improvement League, are in their private car. Mrs. W. W. King, president of the Beverly Manor League, of Staunton, is with Mrs. L. E. Dashiell.

Among those who are with Miss Lettich at 201 South Third Street may be mentioned Miss Alice Dew, Summit, Va.; Professor C. M. Hall, of Grayson county; Miss Nellie Carr, Hampton, Va.; Professor S. M. Lindsay, of Carroll county; Mrs. W. L. Chisholm, Manassas; Miss Gwendolyn Cobb, Penola, Va.; and others.

Reports from all the local associations will be heard at the meeting in the Senate chamber tomorrow morning at 10 o'clock. Mrs. L. R. Dashiell will preside over this meeting.
